Cost of event 4K, event made 4K (8K total, 4K after costs)

Fun for kids

When job was started and completed: mid-Nov - Feb/early March.

Resources used/needed: Teacher Baskets, Band for Parade, volunteers from High School for set up, day of + tear down, cake donations, baked good donations, donations for auction baskets, parent time - a lot is asked of helpful parents. -

Monies Used/Profits Gained: 4K made, 4K spent. 8K total Brought in

Difficulties: \$10 a kid, etc, donation for baskets, baked goods, a lot of moving parks + taxing on parents, Food + Baskets + entertainment committees a lot of work. Parents hesitate to volunteer (kids are going so complex)

Suggestions for Next Year:

- decrease cost, use less day of Parent volunteers
- update ~~cost~~ outlets for parades, signage for entertainment.

◦ Blast bouncer - tell them pick up ^{right after} event. - so before 4pm.

Other Comments:

Peter did a lot of moving/lifting so huge help. ↑ cost of auction tickets, Board with Times of events on it, change up entertainment, less pizza at end of day order, pre cut tickets, get rid of pictures. - cost \$\$\$, more high school help + Band @ parade.

2 fliers sent out, help requested Jan - Feb, 1 sticker day before event, guessing game 2 weeks before + parents called
